

MOUNTING INSTRUCTIONS

It is important to mount your Indiana Toll Road E-ZPass transponder according to these instructions. Holding, waving, or otherwise not mounting as instructed can result in incorrect toll charges, delays, or violation fees. Improperly mounted transponders that require customer service intervention to process the transaction are subject to a \$1.00 surcharge per occurrence.

For the most up-to-date mounting instructions, please visit www.indianatollroad.org/e-zpass/#about-ezpass

STEP 1: With the arrows of the transponder pointing toward the roof, align the transponder on the INSIDE surface of the windshield behind the rear-view mirror at least one (1) inch below the metal roof-line and one (1) inch to the right or left of the mirror post.

STEP 2: Remove the plastic backing tape from the Dual Lock strips and firmly press the transponder against the glass for 15 seconds.

Your E-ZPass is now ready to go! Thank you for traveling the Indiana Toll Road. Visit indianatollroad.org for travel information.
